

ETX90 OBSERVER TELESCOPE

PRODUCT FEATURES

Designed to be the ideal, ultra-portable telescope, the ETX90 Observer marries a 90mm Maksutov-Cassegrain optical design with industry-leading electronics to deliver a truly exceptional viewing experience. Meade's unmatched Maksutov-Cassegrain optics provide high resolution and contrast for more detail and the ability to see fainter objects than with comparable systems. Combine that with the easiest alignment system available, you'll have simple, immediate GoTo access at the push of a button.

The ETX90 Observer features:

- Removable 90mm Maksutov-Cassegrain optical tube
- Ultra-High Transmission Coatings (UHTC)
- AudioStar® controller with over 30,000 celestial objects and internal speaker with audio information
- Hard carry case for the mount and optical tube
- Tripod bag
- 9.7mm and 26mm Super Plossl eyepieces
- Full size steel tripod
